

You Stand in Front of Our  
Instruments All Day...

We Stand Behind Them... 24x7

## Protect your technology investment. Now at a 20% savings.

Save 20% on two or more years of AB Assurance Service ... and receive 20% off your current Time and Material service call!

**AB Assurance** is our premium repair plan designed to help maximise instrument performance and help ensure availability of critical systems. The plan can help keep your lab running smoothly with planned maintenance, proactive instrument monitoring, and fast response should an instrument require repair.

Features:

- Guaranteed 2-business-day on-site response (Zone 1 & 2 only); choose "AB Priority" plan for guaranteed next-business-day response
- Planned maintenance visit(s) – One for genomics instruments or two for selected mass spectrometry instruments (includes engineer labor and travel)
- Factory-certified replacement parts
- Engineer labour and travel included for repair visits
- Smart Services – real-time instrument monitoring and diagnostics
- Priority telephone and e-mail access to instrument technical support from our Technical Assistance Centre (TAC)
- Phone and e-mail access to application technical support

### \* Offer available for the following instruments:

- 310 Genetic Analyzer, 3100 and 3100-Avant, 3130 and 3130xl and 3730 and 3730xl Genetic Analyzers
