

# New advances in miRNA expression profiling with qPCR

Live  
Webinar

Date : Thursday, 14<sup>th</sup> May 2009

Speaker : Ramon Goni, PhD

Integromics' qPCR data analysis specialist.

**Dear Salutation Last Name,**

Applied Biosystems and Integromics are pleased to invite you to the premiere of the new Real-Time [StatMiner™](#) 3.0 software, the most powerful qPCR Data Analysis Package available.

Are you using SYBR® Green in your experiments? Are you studying miRNAs?

Attend this free webinar and learn more about how Real-Time StatMiner's™ 3.0 guided step by step analysis allows you to perform your data analysis with confidence and quickly delivers you to scientific discoveries!

Don't miss the chance to learn more about this exciting new product release and how it can assist you with your research.

**Title: How to get the most value out of your qPCR data at credit crunch times**

**Date: Thursday May 14, 2009**

**Register NOW for the [Webinar](#).**

**Speaker:**

**[Dr. Ramón Goñi, Real-Time qPCR Application Specialist, Integromics](#)**

**We look forward to you joining our webinar!**

**Yours sincerely  
Applied Biosystems and Integromics.**
